**Individual Project**

**Boys Band**

**Student Name: Gulfairuz**

**Group name: ITM - 1903**

**Tutor name: Saimassayeva Sholpan Maulenovna**

**Date: 03.12.2019**

**Nur-Sultan 2019**

This database about a band called The Neighbourhood. Through this database, we can get data. Information about the group's record label, members, studio albums, music videos and awards. And also data about member's activity which includes data as occupations, genres, instruments.

**Title:** "The Neighbourhood"

**Tables:** record\_label, band, members, activity, st\_albums, desc\_a, music\_videos, awards

**Fields for:**

1. Record label: rl\_id, rl\_name, founded, founder;
2. Band: band\_id, band\_name, abbreviation, crate\_date, origin\_town, rl\_id;
3. Members: m\_id, m\_name, m\_surname, birth\_date, birth\_place, band\_id;
4. Activity: activity\_id, occupation, genre, instrument, m\_id;
5. Studio albums: album\_id, title, released, producer, band\_id;
6. Desc album: track\_id, title, producer, length, album\_id;
7. Music videos: mv\_id, title, year, director, band\_id;
8. Awards: award\_id, year, nominee, award, result, band\_id;

**Relationships:**

Band (1:1) record\_label;

Band (1:N) member;

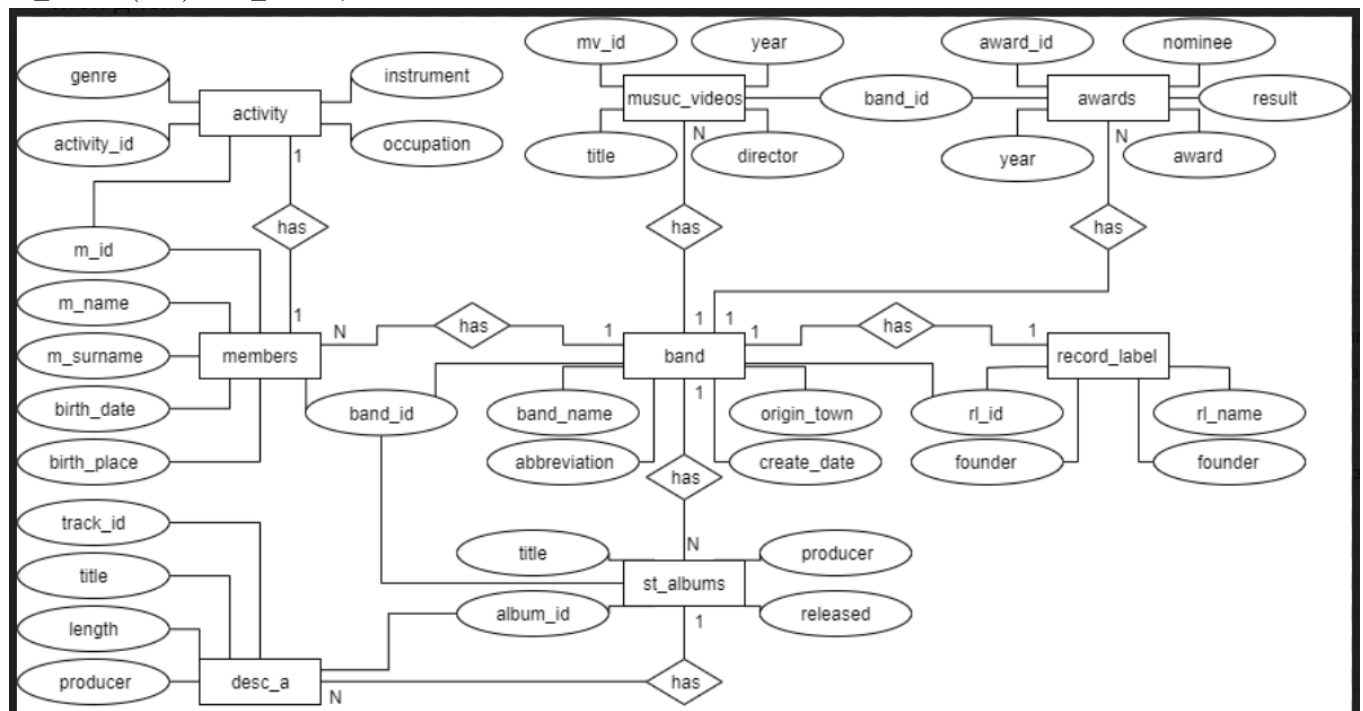

Band (1:N) studio\_albums;

Band (1:N) music\_videos;

Band (1:N) awards;

Member (1:1) activity;

St\_album (1:N) desc\_album;

## --EXERCISES

--ex 1: Write a query to distinct the producers of tracks.

	producer text
1	Mighty Mike
2	Lars Stalfors
3	Emile Haynie
4	Brady Bates
5	Justyn Pilbrow

--ex 2: Write a query to find the name and surname of the members who are guitarist.

	m_name text	m_surname text
1	Jeremy	Freedman
2	Zachary	Abels

--ex 3: Write a query to display album name and id with the count of tracks for each album.

	album_id [PK] character	title text	count bigint
1	ILY13	I Love You	11
2	WO15	Wiped Out!	11
3	TN18	The Neighbourhood	12

--ex 4: Write a query to display album name and id with the sum of tracks' length for each album.

	album_id [PK] character	title text	sum interval
1	ILY13	I Love You	45:46:00
2	WO15	Wiped Out!	45:20:00
3	TN18	The Neighbourhood	42:54:00

--ex 5: Write a query to find the title of tracks that have a length less than the average length of all

albums.

	album_id character varying	title text	length time without
1	ILY13	Sweater Weather	03:56:00
2	ILY13	Let It Go	03:17:00
3	ILY13	Female Robbery	03:29:00
4	WO15	A Moment of Sile...	00:30:00
5	WO15	Cry Baby	03:56:00
6	WO15	Greetings from C...	03:50:00
7	WO15	Ferrari	03:03:00
8	WO15	R.I.P. 2 My Youth	03:27:00
9	TN18	Flowers	03:18:00
10	TN18	Scary Love	03:44:00
11	TN18	Void	03:25:00
12	TN18	Softcore	03:28:00
13	TN18	Blue	03:13:00
14	TN18	Revenge	03:19:00
15	TN18	You Get Me So Hi...	02:33:00
16	TN18	Too Serious	03:13:00

--ex 6: Write a query to find an album id, title and min length of track from the album which has title 'I Love You'.

	album_id character varying	min time without time zone	title text
1	ILY13	03:17:00	I Love You

--ex 7: Write a query to find an album id, title and max length of track from all albums.

	album_id character varying	length time without ti	title text
1	WO15	06:35:00	Wiped Out!

--ex 8: Write a query to display all information about music videos except information between 2013- AND '2015'.

	mv_id [PK] character	title text	year integer	director text	band_id character vary
1	F1	Female Robbery	2012	ENDS	NBHD11
2	L2	Let It Go	2012	ENDS	NBHD11
3	A3	A Little Death	2012	ENDS	NBHD11
4	D12	Daddy Issues	2016	Warren Kommers	NBHD11
5	H13	Hard to Imagine	2018	Jack Begert	NBHD11
6	S14	Scary Love	2018	Jennifer Juniper Stratford	NBHD11

--ex 9: Write a query to find all information about awards, but award name must starting to 'Top' and result is 'Won'.

	award_id [PK] integer	year integer	nominee text	award text	result text	band_id character vary
1	222	2016	The NBHD	Top Rock Artist	Won	NBHD11
2	333	2016	Wiped Out!	Top Rock Album	Won	NBHD11
3	444	2016	R.I.P. 2 My Youth	Top Rock Song	Won	NBHD11

--ex 10: Write a query to find a count of the track, producer, the title of an album that have count less than 12.

	count_track bigint	title_album text	producer text
1	11	I Love You	Emile Haynie
2	11	Wiped Out!	Justyn Pilbrow

--ex 11: Write a query to display desc\_a's track\_id, title, a producer at which filmed clip.

	track_id [PK] character	title text	producer text
1	A2	Afraid	Justyn Pilbrow
2	S4	Sweater Weather	Justyn Pilbrow
3	L5	Let It Go	Emile Haynie
4	F9	Female Robbery	Justyn Pilbrow
5	D6	Daddy Issues	Emile Haynie
6	R11	R.I.P. 2 My Youth	Justyn Pilbrow
7	S2	Scary Love	Mighty Mike

--ex 12: Write a query to display music video's title, year, director whose surname or name starting to letter 'J' or ending to letter 's'.

	title text	year integer	director text
1	Dangerous	2015	Jake Janisse
2	R.I.P. 2 My You...	2015	Hype Williams
3	Daddy Issues	2016	Warren Kommers
4	Hard to Imagine	2018	Jack Begert
5	Scary Love	2018	Jennifer Juniper Stratford

--ex 13: Write a query to find information about desc\_a's album\_id and title which has a length of the title more than 17 or equal to 17. And write the length of title as len\_title.

	album_id character var	title text	len_title integer
1	ILY13	Everybody is Watching Me	24
2	W015	A Moment of Silence	19
3	W015	Baby Came Home 2 / Valentines	29
4	W015	Greetings from Califournia	26
5	W015	R.I.P. 2 My Youth	17
6	TN18	You Get Me So High	18

--ex 14: Write a query to find information about album's title, released date, album\_id and length of tracks that less than the average length except where album\_id is 'ILY13'.

	title text	length time witho	released date	album_id character va
1	A Moment of Silence	00:30:00	2015-10-30	W015
